JOHN PAUL M. CARNAJE

Quality Assurance & Project Support | Licensed Professional Teacher

Iligan City, Philippines | 09310342106 | jpmcarnaje@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented professional with remote experience reviewing documents against defined standards, checking for discrepancies, documenting findings clearly, following up with teams, and tracking issues and deadlines to resolution. Comfortable with ClickUp, Notion, and Google Workspace. Licensed Professional Teacher with classroom experience in assessment, constructive feedback, and coaching.

CORE SKILLS

- Quality Evaluation: checking output against standards and criteria, compliance checks (incl. WCAG accessibility), regression and usability review
- Feedback & Coaching: constructive feedback, assessment, instruction, facilitating sessions, presenting recommendations
- Documentation & Reporting: clear findings with evidence and reproduction steps, tracking issues to resolution, maintaining shared documentation
- Tools: Jira, Git Issues, ClickUp, Notion, Google Workspace, Miro, Claude AI
- Strengths: attention to detail, written and verbal communication, objectivity, time management, team collaboration

EXPERIENCE

Software Quality Assurance Tester — Live and Stay (formerly Geriatric Care Solutions) (San Francisco, CA – Remote)

Mar 13, 2025 – Oct 16, 2026

- Evaluated product releases against requirements and quality standards across multiple platforms.
- Documented defects in Git Issues and Jira with clear evidence and step-by-step reproduction, and tracked each to resolution.
- Gave developers specific, actionable findings and worked with them to verify fixes, resolve issues, and prevent regressions.
- Audited an app for elderly users for WCAG accessibility compliance.
- Maintained testing documentation in Notion and ClickUp for team visibility.
- Designed and executed test cases for new features and releases on the Anaya AI-powered care planning platform and the CarePrints cognitive engagement platform; performed functional, regression, and user acceptance testing.

UX Design Consultant — Live and Stay (formerly Geriatric Care Solutions) (Remote)

Mar 2025 – Aug 2025

- Ran user research and facilitated usability sessions with elderly users and caregivers, observing interactions and noting pain points.
- Synthesized observations into personas and journey maps (Miro) and presented recommendations to stakeholders.

Teacher, TLE (Robotics & 3D Printing) — La Salle Academy, Iligan City

Jul 2024 – Apr 2025

- Assessed student work against rubrics and gave individual feedback and coaching to improve performance.
- Delivered a hands-on, project-based STEM curriculum; used digital tools for lesson planning, organization, and assessment.

EDUCATION

Bachelor of Technology and Livelihood Education (Industrial Arts), Magna Cum Laude

Mindanao State University – Iligan Institute of Technology | 2023

Master of Arts in Guidance and Counseling — 24 units earned
